

CAW TO ACTION

AI DATA CENTER CAMPUS IN INDIANA COUNTY

The Indiana County Commissioners are taking public comments to develop policies to protect our natural resources and communities before any data center proposals are submitted. Public comments are being accepted from **June 19 to July 20, 2026**. Visit the ICOPD's Community Outreach section on their website for the **PUBLIC COMMENT FORM** link and submit yours: <https://bit.ly/indiana-county-no-data-centers>

SUBMIT PUBLIC COMMENTS

TELL YOUR STORY. Share your concerns and experiences related to this project. Some topics you can discuss include protecting natural resources and farmland, safeguarding residents' health and safety, and preserving our community's character. You can include concerns about noise, property values, water use, pollution, wildlife, surveillance, and electricity prices. Your input matters.

CAW FOR TRANSPARENCY

Caw on the Indiana County Commissioners to fully disclose all information about the gas plant and data center campus project before the public hearing, so that meaningful discussion is possible and everyone has access to the same facts and context. Complete transparency will allow the public to submit informed comments and participate meaningfully at the hearing.

CAW FOR TRANSPARENCY

Caw on the Indiana County Commissioners to fully disclose all information about the gas plant and data center campus project before the public hearing, so that meaningful discussion is possible and everyone has access to the same facts and context. Complete transparency will allow the public to submit informed comments and participate meaningfully at the hearing.

CAW FOR A MORATORIUM

Caw on the Indiana County Commissioners to publicly support stronger statewide safeguards for data center development. Ask them to urge state leaders to advance legislation that gives municipalities time to plan responsibly, increases transparency, protects taxpayers and ratepayers, and ensures communities have a meaningful voice before new projects are approved. Support House Bill 2198, House Bill 2496, House Bill 2359, Senate Bill 1359, and other measures that strengthen oversight of data center development. Pennsylvania is already moving in this direction. Let's ensure these protections become law.
